## System Recovery Inc. – Business Continuation Services – Disaster Recovery

Be Ready....Be Aware

### *The Scenario*

*As recent as March 2008 the NCUA is proposing new regulations (Part 748 and Appendices, Part 749 and Appendices) which specifically outline “Catastrophic Acts Preparedness Guidelines”. Lastly, the NCUA has made changes to the NCUA Call report that includes the credit unions’ hot site information as well as the location and date of their last test.*

You are aware that your information and resources should be available to you 365/24/7, no matter what the circumstance or situation. But what about during events that are outside of your control? For example fire, floods, hurricanes and other natural events? Any one of these scenarios can bring your business to its knees in the blink of an eye. So how do you plan and prepare to recover your information, resources and services in the timeliest manner?
