System Recovery Inc. – Business Continuation Services – Disaster Recovery

Be Ready....Be Aware

The Scenario

You are aware that your information and resources should be available to you 365/24/7, no matter what the circumstance or situation. But what about during events that are outside of your control? For example fire, floods, hurricanes and other natural events? Any one of these scenarios can bring your business to its knees in the blink of an eye. So how do you plan and prepare to recover your information, resources and services in the timeliest manner?

Description of Service Offering

This offering provides 12 months of off-site data vaulting. This service supports the following Operating Systems for data storage: Windows, AIX, Linux, SCO as well as other Unix environments. SRI provides daily verification monitoring of all backup set's success/failure status. A daily report will be generated to provide verification of replicated files and folders.
